## Doppler Ability Machine Donation

**Support provided by Braunton Rotary Club has enabled Caen Medical Centre to purchase new equipment over the past 12 months...**

Rotary members including president Chris Nicholas and honorary member Ross Moon recently presented the staff at Caen Medical Centre with a new Doppler Ability Machine. This device will be used daily for assessing and measuring ulcerating wounds prior to the treatment and dressing regime.

## Just for Laughs ...

## Rotary Books

**I am writing to thank Club Members and Braunton Library for their generosity and resourcefulness in providing books throughout 2015.**

This year the sale of books raised £581.69, which brings the total collected since the start of the fund to just shy of £11,000.

Latterly, we have not done so well as in earlier years largely, I suspect, because of the rise in popularity of electronic books. However the fund is still a steady little earner, and, as it

costs us nothing to run, I suggest that we should keep it going. Therefore I would be grateful if the supply of books could be maintained. The money goes into community funds and spent wisely by Star and his committee.

*Garry Dadds*
