Members make a flying visit ...

We were invited to visit the Air Training Corps at Chivenor so they could demonstrate their skills on the Resus Annies which were funded by us.

Whilst we were there John Masterson was put through his paces on the flight simulator. As you can see he was successful in returning his aircraft back to base.

May Fair Planning

It's spring again, or so we fondly hope, and inevitably with spring comes the Braunton May Fair. With this brings the launch of the annual Fair Committee and all of the planning and hard work that goes into a successful Fair.

The named charities are chosen, the committee members be they volunteers or pressed men (surely not!) are in place and the meetings, debates, arguments and banter have begun. Will we produce a peacock or a turkey of a Fair? History suggests that with the hard work and support of many people it will all be alright on the day as we strive to outdo last year's hugely successful event.

Our named charities this year, on the theme of unsung heroes, both have transportation as their objectives. They are the Devon Freewheelers sometimes known as 'The Blood-bikes'. A team of dedicated volunteers who transport blood and human tissue between hospitals and medical professionals outside of normal working hours. Our second charity is 'Go North Devon' which provides a transport service for those who through illness, disability or age and without help are liable to become socially isolated.

With your help and support we can all look forward to yet another successful Annual Fair. The date for your diary is **Monday 25th May 2015**.

Ray Hanson - Chair 2015 Fair Committee
